UNDER PROMISE & OVER DELIVER

INTRODUCTION

BACKGROUND

Profile of Five Investment

1. Introduction

FIVE INVESTMENT LIMITED (FIL) is a South Sudanese owned company, it was incorporated in South Sudan on the 17 th October 2013. The name “five” means five major Areas of investments to which the company endeavors to grow into, they are;

1. Procurement and Supplies

2. Construction-Roads both labor based and equipment

3. Agriculture and Food Security

4. Import and Export of goods and Services

5. Establishment of light Agro-industries

Currently, the company is engaged in three of those five: Procurement and supplies, Construction and Agriculture. The Company was established on the principles of honesty and integrity, we believe in team work and good results acceptable to our clients, time is a very important component of our team that is why our motto says “**Under Promise and Over deliver**” as a policy, we shall not apply to works beyond our capacity to deliver since this will undermine our principle

VISION

To be the most reliable, honest and caring goods and service provider in South Sudan and beyond

MISSION

To appreciate best practice and embrace knowledge, value people and satisfy their needs

- The defects of works done shall have to be rectified by the own cost of Five Investment Limited inclusive of construction materials.
- There will be no advance payment.

INTERNAL MEMORANDUM

Ref. No.: JBH/ARC-FIL/0001

Date: 17th June 2020

Attn.: Managing Director

Subject: SUBSTANTIAL COMPLETION (ACCESS ROAD TO BORROW PIT)

Dear Sir,

On the 16th June 2020 I held a joint inspection with five investment of the access Road to the Borrow pit at Km 13+500 LHS, the Sub contractor constructed earthworks using fill material and then Selected Subgrade Layer using Gravel from the Borrow pit

The activities have been completed, however, the attached is the snag list of the works to be corrected.

I recommend that we don't engage the subcontractor to do Subbase layer since the road is motorable, ARC will handle the maintenance as when there is need during the course of adding Culverts and also to reduce on the costs.

Regards,

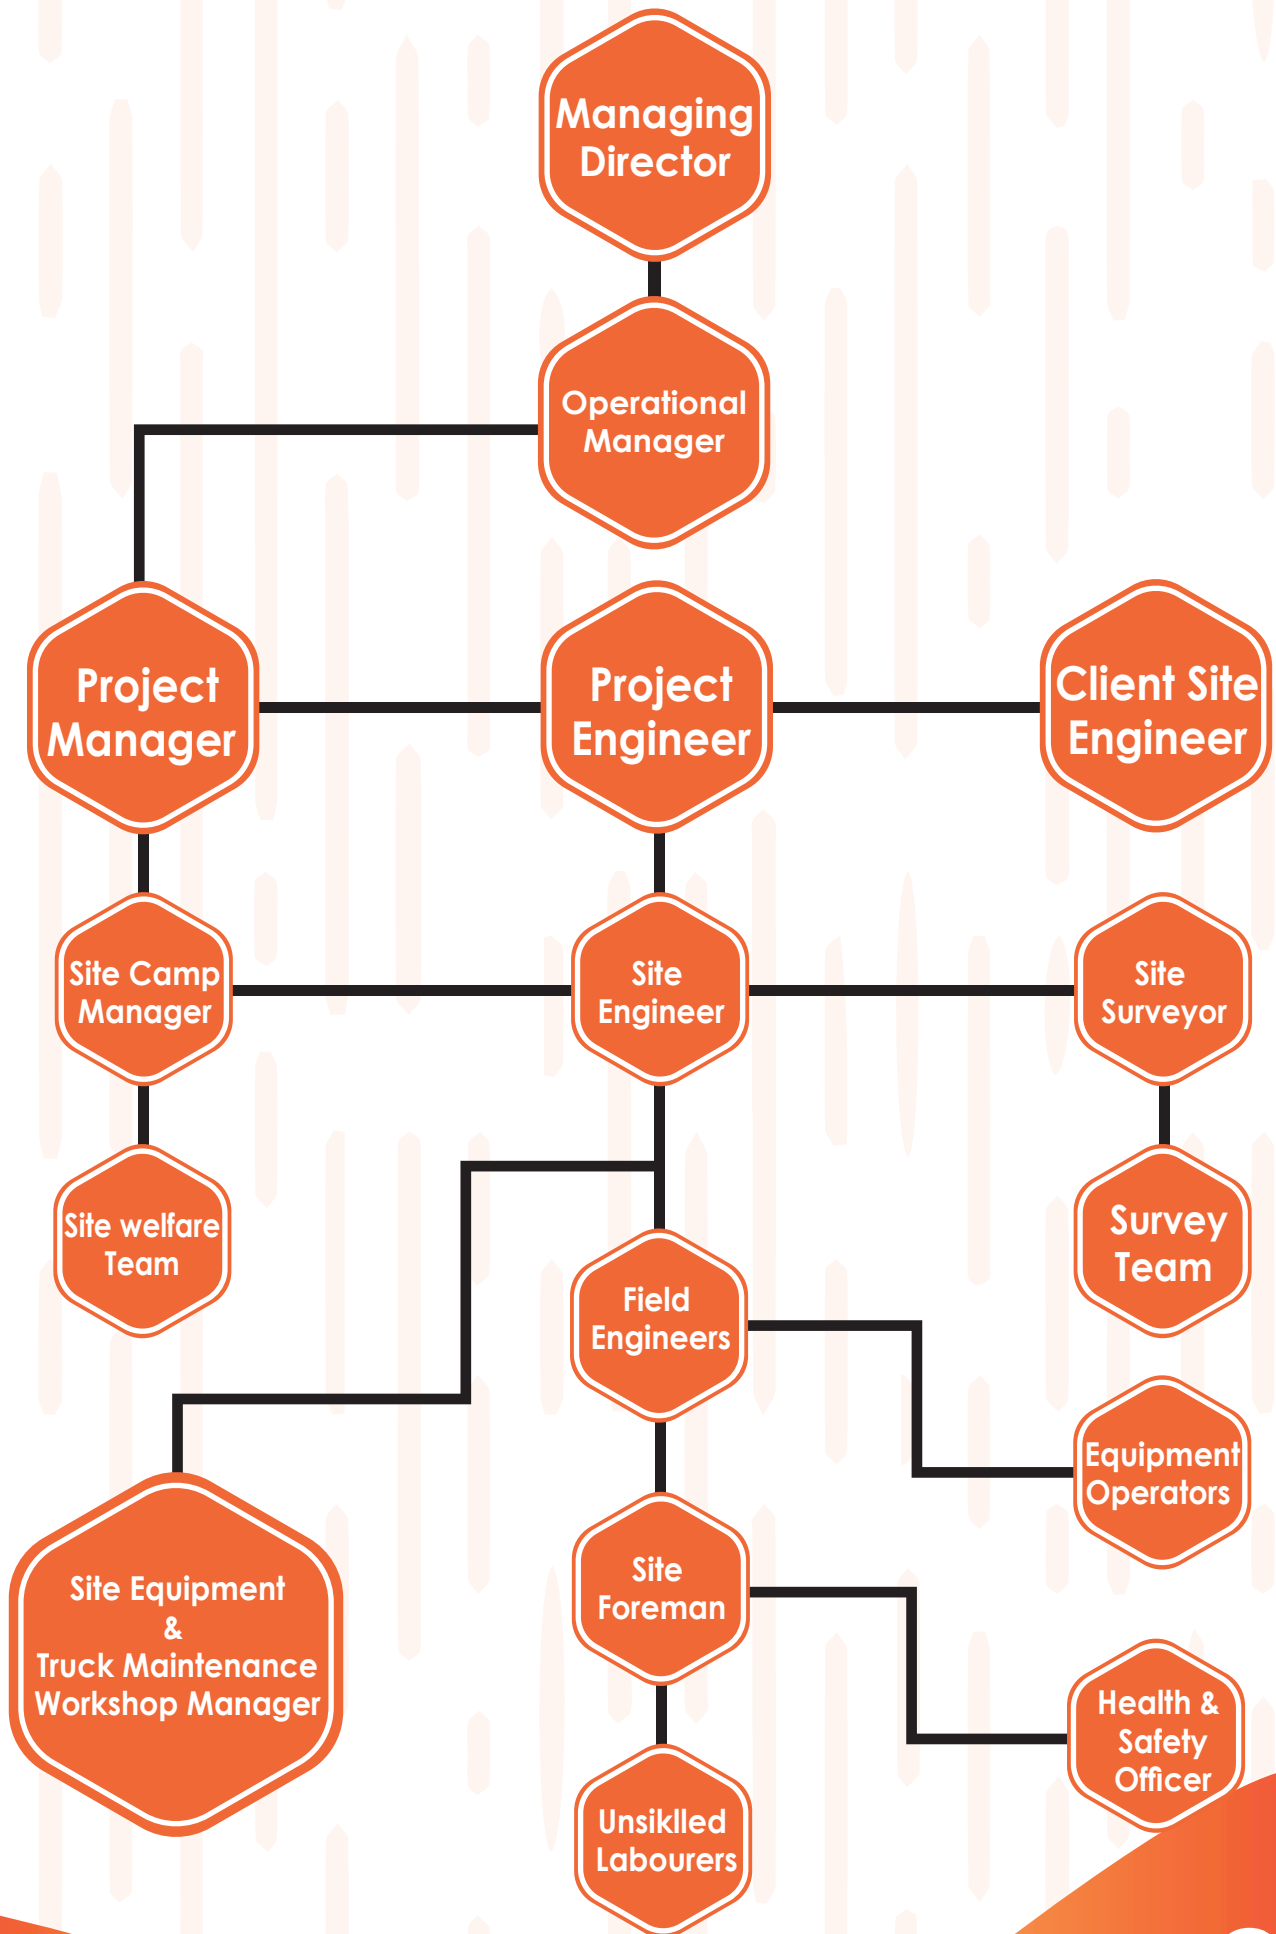

Name: Birungi David

Position: Project Engineer

Department: Engineering
